Besides this, the college provides washroom facilities, drinking water facility and canteen facility. The over all administration and management is excellent since no teachers has marked it as either average or poor.

Suggestions

The teachers have given various suggestions to improve the facility in the college which are as follows: -

1. Building of the college is old which needs to be rebuilt again or must be repaired.
2. More smart classrooms need to be built.
3. College wi-fi network is poor. Internet facility in the college needs to be improved for taking online classes.
4. Quality of food in the canteen should be better.
5. Toilets must be clean and safe to use with proper water and sanitation facilities.

The above feedback analysis provides a valuation insights into both the strengths and weaknesses of the institution. The college administration is encouraged to consider these insights for planning and implantation for the next academic sessions to ensure improvements.
